

Got Wood? Are you interested in reclaiming an old barn or warehouse or industrial building? Do you have barn siding, hand hewn beams, timbers, or decking from industrial buildings, sunken logs, bricks, pavers or other reclaimed building materials? - We buy reclaimed and salvaged timber and beams.

Please call 213-278-2815

Email: Resource Conservation Group: [Douglas "Fir" Stoutenburg](#)

We are always looking for sources of reclaimed building materials. Potential sources may include; factories, warehouses, mills, barns, rural outbuildings, sunken logs as well as many unusual sources like wine barrels, train cars and bridges. If you are selling reclaimed building materials or have a lead on reclaimed building materials resources please follow the steps listed below carefully.

Please Note: due to the high volume of submissions we receive of reclaimed building materials, We request you please include a full list of all materials to be reclaimed as well as a status of their availability.

How to do it: Send us your information. Don't forget to include a detailed description of the salvageable materials for sale and or structure(s) to be reclaimed (required).

Once we have received your information you will be contacted by us if we have interest in your materials. We may at this point request photographs and a physical sample of the materials for confirmation of quality and consistency.
